About Gabriella's Kitchen

Italian sisters Gabriella and Margot Micallef founded Gabriella's Kitchen to create nutritious and delicious foods that everyone could enjoy, regardless of their dietary preferences or restrictions. Naturally, they started with pasta! Using fresh, high-quality ingredients and an artisanal pasta machine, they created the original skinnypasta™, a high-protein, low-carbohydrate and low-calorie pasta with authentic Italian taste. Although Gabriella passed away after a battle with cancer, she remains the company's inspiration. Margot is the company's visionary and, as CEO, she is the driving force behind the Gabriella's Kitchen mission: to transform the way the world eats by offering food with no compromises.
